# Curriculum Change Form (Present only one proposed curriculum change per form) (Complete only the section(s) applicable.)

#### Part I

(Check one)	Department Name		Computer Science				
X New Course (Parts II, IV)	College		Arts & Sciences				
Course Revision (Parts II, IV)	*Course Prefix & Number		INF 314				
Hybrid Course ("S," "W")	*Course Title		MS Office & Data Analysis				
New Minor (Part III)	*Program Title						
Program Suspension (Part III)		•					
Program Revision (Part III)	*Provide only the information relevant to the proposal.		If Certificate, indicate Long-Term (University) or Short-Term (Departmental)				
Proposal Approved by:	<u>Date</u>			<u>Date</u>			
Departmental Committee	11/18/13	Coun	cil on Academic Affairs	3/20/2014			
College Curriculum Committee	02/17/14	Facul	ty Senate**	NA			
General Education Committee*	NA	Board	d of Regents**	NA			
Teacher Education Committee*	NA	EFFE	CTIVE ACADEMIC TERM***	Fall 2014			
Graduate Council*	<u>NA</u>	-					
*If Applicable (Type NA if not applicable.)  **Approval needed for program revisions or suspensions.  ***To be added by the Registrar's Office after all approval is received.							

#### Completion of A, B, and C is required: (Please be specific, but concise.)

A. 1. Specific action requested: (Example: Increase the number of credit hours for ABC 100 from 1 to 2.)

Create a new course, INF 314

A. 2. Proposed Effective Academic Term: (Example: Fall 2012)

Fall 2014

A. 3. Effective date of suspended programs for currently enrolled students: (if applicable)

### B. The justification for this action:

This is part of the move of several courses to the INF prefix to separate courses dealing with traditional CS topics like programming from courses that deal with topics that are computer-related but don't involve programming, in that some students see CSC courses in general as programming-related, and these courses do not include any significant amount or programming.

Note: Although not obvious, the phrase "Credit will not be awarded for both CSC 314 and CIS 230." is being dropped, as it has proved more troublesome than useful, and these courses are not exactly the same.

## C. The projected cost (or savings) of this proposal is as follows:

Personnel Impact: None.

Operating Expenses Impact: None.

Equipment/Physical Facility Needs: None.

Library Resources: None

### Part II. Recording Data for New, Revised, or Dropped Course

(For a **new required course**, complete a separate request for the appropriate program revisions.)

- 1. For a new course, provide the catalog text.
- 2. For a revised course, provide the current catalog text with the proposed text using strikethrough for deletions and underlines for additions.
- 3. For a dropped course, provide the current catalog text.

### New or Revised\* Catalog Text

(\*Use strikethrough for deletions and underlines for additions. Also include Crs. Prefix, No., and description, limited to 35 words.)

INF 314 MS Office & Data Analysis (3) A. Formerly CSC 314. Prerequisite: "C" or higher in CSC 104, 212, or equivalent. Designing advanced Excel spreadsheets and Access databases to manage data problems with an emphasis on data calculations, data analysis, and organization of data. Credit will not be awarded to students who have credit for CSC 314.
