practices, and ideas. Overall, the group is encouraging a sense of community and support to our future educators. Because this organization has not been formally run since about 2010, they are working to re-affiliate with AMLE (formally called National Middle School Association). The students who are members would like the opportunity to wear navy and maroon double honor cords upon commencement/graduation.

Good of the Order

Student Government Representative, Brandon Shepard, spoke to the council regarding standardizing internship (co-op courses) hours to nine for the University, currently co-op hours are determined by each individual department, and range from 0-12 credit hours.

Dr. Sehmann commented that co-op course credit hours are determined by each department, and this change would need to occur at the department level.

Brett Morris suggested that a good starting point for the SGA would be to contact Gladys Miller, the director of career and co-op education regarding increasing co-op hours across the University.

Good of the Order

Provost Vice acknowledged the CAA Secretary for her work on the January agenda, given the extraordinary number of items.

CAA Updates:

Curriculum guides are an important resource for our current and future students; and submission of a curriculum guide(s) with each program revision(s) is essential for keeping the Catalog and Degree Works accurate and up-to-date.

SACS-COC next on-site visit is scheduled for February 21-23, 2017.

The proposed Psy.D. program is in the final stages of SACS’ approval process.

The Deans’ and Chairs’ Winter Retreat is scheduled for February 9. Nathan Congleton will present at the retreat regarding scheduling software, *Astra Schedule*.

Melinda Compton is leading a summer school initiative to review our Summer School processes and practices.

EKU’s first Winter Term has been a success, with 194 registered students. We will build on the initial success of the program next year.

Dr. Sandra McGuire will be on campus February 19-20 to give a day-long two-session Metacognition workshop for faculty and an evening lecture to students.

Meeting adjourned 3:27 p.m.

Good of the Order

CAA Updates:

SACS has approved the proposed Psy.D. program and, as a result, has granted ECU level six status, which allows ECU to offer four or more doctoral programs.

Provost Vice acknowledged Dr. Minh Nguyen for sharing his inspirational story in the Eastern Progress.

Dr. Short acknowledged the CAA Secretary for her work in collaboration with the College on Health Sciences.

Dr. Vice expressed her appreciation for the collaborative work by Katherine Fontanella and Candace Tate for the 2014-2015 academic year.

Dr. Gene Palka thanked those faculty who had completed their 4-Week Reports and reminded the Associate Deans that the extended deadline for submission was February 26 at midnight.

Meeting adjourned 2:44 p.m.

Approval of the Minutes from February 26, 2015: **Approved**

Discussion Items

	Discussion Items	<u>Effective</u>
Noted	Repeating Courses and Grade Calculation The requested change is intended to make the Graduate School policy consistent with the recent change to the undergraduate policy for grade calculations when courses are repeated. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 1.	Fall 2015
Noted	English Proficiency Requirement The requested change increases the minimum overall score on the IELTS examination from 6.0 to 6.5 to make it consistent with the level of proficiency established by our current standards on the TOEFL and ELS programs. It also clarifies applicants who may be exempted from the requirement, includes completion of ECU's ELS program in meeting the requirement, and removes outdated language on registering for the TOEFL examination. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 2.	Fall 2015

Good of the Order

Provost Vice asked the council to consider how to streamline the CAA process.

Dr. Pogatshnik suggested the council could vote on program related revisions only, and note all editorial, and courses related changes.

The Registrar proposed to create an interactive CAA forms (curriculum change form, drop form, editorial change form, etc..) containing drop down boxes, as a guide.

Dr. Robinson proposed to only include student learning outcomes with new courses, thereby, eliminating the submission of syllabi for each new course, as this can be addressed at the college level.

Provost Vice encourage the committee to continue this conversation.

Meeting adjourned: 3:06pm

Alpha Gamma Delta	As initiated members of Alpha Gamma Delta International Fraternity, our members take pride in the letters that we stand for. During our college careers we have participated in and hosted various philanthropic events and developed relationships with our sisters that have enhanced our ECU experience. We want to wear our Greek letters during graduation as a symbol of our time with our fellow senior members.	Spring 2015
Alpha Kappa Alpha Sorority Incorporated	The significance of wearing my stole at graduation is to honor my twenty illustrious founders who founded my organization to better the lives of college women. Wearing my stole would demonstrate what my founders 107 years ago worked so hard to achieve for women, and that is to graduate.	Spring 2015

- EKU Humanities Club Spring 2015
 As The Humanities Club President, I feel that an Honor Cord would signify the dedication of our members, to their application of their academic devotion, as well as, a special recognition for those whom are not in the Honors Program; to add a special sense of pride and achievement, other than just graduation.
- EKU Women's Rugby Club Spring 2015
 A stole helps to represent the next chapter in a student's life. While even though rugby is a club sport, it takes loyalty to the school and team, determination, and confidence to be able to play. The rugby team has managed to overcome many challenges the past few seasons, such as playing with less players than the other team (creating a huge disadvantage on the field), playing through tough times such as injuries (a very common thing in rugby, and there is no trainer at our games to help), and most importantly...never giving up. Rugby takes time and commitment, and only a select few individuals are able to cut it and balance college and rugby (without any real support with very little funding). Still, the women's rugby team is out there day or night, hurt or sick, and rain or shine playing through the good times and the bad. The stole represents the challenges that women face as rugby players and the pride they can show by having the honors to wear a stole.
- Eta Sigma Gamma Spring 2015
 Eta Sigma Gamma is a National Public Health Honorary that requires members to obtain a 3.0 within their health feild. We are an organization dedicated to helping students reach their goals and maintain higher standards than others. Every member represents Health and overall wellbeing and has dedicated their life to a career in prevention and helping those around them. Our community and environment matter.
- Exercise & Sport Science Association Spring 2015
 ESSA would like for our graduating President and Vice President to wear a stole at graduation in appreciation for the time and work they have put into ESSA over the past two years. Not only will this be an honor for them to wear on graduation day, it will be an honor that will last a life time through pictures and videos!
- Kappa Alpha Theta Spring 2015
 My members should be allowed to wear their stoles at graduation because they have put in countless hours of volunteer work and raising money to our philanthropy. These members have shown dedication to Kappa Alpha Theta during their time in college, which reflects how much this sisterhood and organization means to them. Being able to wear their letters on one of the most important days of their life will just reassure them one more time that theta is for a life time and has helped them grow so much as a person during their time at ECU.
- Minority Collegiate Connections Spring 2015
 In 2007, Minority Collegiate Connections created a platform for ECU's minority students to aid them in their development and career preparation, as well as create a support system to showcase their accomplishments that may lack proper exposure and recognition. I have been apart of this organization for three years now, they have given to me, and have contributed to my success at college much more than I could repay. Wearing their fuschia and silver graduation cord, signifies that I have served the organization well and have agreed to uphold their standards beyond graduation.
- Older Wiser Learners Spring 2015
 We believe OWL students should be recognized for their dedication to obtaining a higher education while juggling many other responsibility. The majority of OWL members are middle aged, parents, caregivers, work full-time, married, widowed and have dependents. Non-traditional students are dedicated and determined to succeed and along their path they lead and support many traditional students with

- encouragement and wisdom. OWL member are a very diverse group of adults overcoming many of life's challenges in order to create a positive change for the future.
- Order of Omega Spring 2015
 It is a great honor to be recognized with to be among the top 3% of the Greek community. We would like to show to the others what we should strive for and the recognition you can receive for staying true to our values and what you can achieve.
- Order of the Sword and Shield Spring 2015
 The stole shows the university and everybody viewing the graduation who my members are. It shows the university and viewers that the members are exemplary students in the discipline of Homeland Security. Members of Order of the Sword and Shield are the top students in the Homeland Security department here at ECU and should be recognized for that.
- Phi Beta Sigma Spring 2015
 The stole represents great tradition of success and is symbolic as a rights of passage for all Sigma Men to graduate. This completes a significant milestone within the structure as well. After graduation members can then join graduate chapters, which is a higher ranking chapter.
- Phi Mu Alpha Sinfonia Spring 2015
 Phi Mu Alpha has been a part of my university experience since the beginning. To me, Phi Mu Alpha is always one of the first pictures that pop into my head when I think of ECU. It has been a priceless experience for me that has helped me grow into the man I am today. I have had the pleasure of representing the fraternity at chapter, state, province, and national levels. I have traveled to meetings at over 8 universities including Kentucky, Indiana, West Virginia, Florida, and will even attend my second national convention with the fraternity this summer in New Orleans, Louisiana. Phi Mu Alpha • Sinfonia is always about "making manly musicians and musicianly men." I feel that any accolade or award that I receive in music is in no small part due to my experiences in Phi Mu Alpha. Wearing my fraternity colors and emblems proudly at my graduation will give me great feelings of honor and pride as I walk across that stage.
- Power House Colonels Spring 2015
 It is a symbol of what we stand for, it shows the hard work and dedication that we have put in throughout our time as a powerhouse colonel, not only in the weight room but also in the classroom.
- Rodney Gross Scholars Spring 2015
 Rodney Gross scholars reward participants.
- Stevy Jones Spring 2015
 Wearing the PsiChi honor stole and cord will help to show all that I have accomplished while attending ECU. I will wear my Honor stole and cord proudly.
- Student Computer Association Spring 2015
 This stole is for active members of our organization. They have put in hours of volunteer work in volunteering, fundraising, organizing events, and coordinating efforts to further our cause and our department. It would be wonderful if their efforts could be recognized.
- Theta Chi Spring 2015
 Member of Theta Chi Fraternity.

Graduate School

Action Items

Approved Repeating Courses and Grade Calculation Fall 2015
The requested change is intended to make the Graduate School policy consistent with the recent change to the undergraduate policy for grade calculations when courses are repeated. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 1.

Approved English Proficiency Requirement Fall 2015
The requested change increases the minimum overall score on the IELTS examination from 6.0 to 6.5 to make it consistent with the level of proficiency established by our current standards on the TOEFL and ELS programs. It also clarifies applicants who may be exempted from the requirement, includes completion of ECU's ELS program in meeting the requirement, and removes outdated language on registering for the TOEFL examination. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 2.
