Deferred for Provost Action Commencement Regalia

Contingent upon the review and approval of the Provost.

Alpha Gamma Delta

As initiated members of Alpha Gamma Delta International Fraternity, our members take pride in the letters that we stand for. During our college careers we have participated in and hosted various philanthropic events and developed relationships with our sisters that have enhanced our EKU experience. We want to wear our Greek letters during graduation as a symbol of our time with our fellow senior members.

Spring 2015

Alpha Kappa Alpha Sorority Incorporated

The significance of wearing my stole at graduation is to honor my twenty illustrious founders who founded my organization to better the lives of college women. Wearing my stole would demonstrate what my founders 107 years ago worked so hard to achieve for women, and that is to graduate.

Spring 2015
EKU Humanities Club
As The Humanities Club President, I feel that an Honor Cord would signify the dedication of our members, to their application of their academic devotion, as well as, a special recognition for those whom are not in the Honors Program; to add a special sense of pride and achievement, other than just graduation.

EKU Women's Rugby Club
A stole helps to represent the next chapter in a student's life. While even though rugby is a club sport, it takes loyalty to the school and team, determination, and confidence to be able to play. The rugby team has managed to overcome many challenges the past few seasons, such as playing with less players than the other team (creating a huge disadvantage on the field), playing through tough times such as injuries (a very common thing in rugby, and there is no trainer at our games to help), and most importantly...never giving up. Rugby takes time and commitment, and only a select few individuals are able to cut it and balance college and rugby (without any real support with very little funding). Still, the women's rugby team is out there day or night, hurt or sick, and rain or shine playing through the good times and the bad. The stole represents the challenges that women face as rugby players and the pride they can show by having the honors to wear a stole.

Eta Sigma Gamma
Eta Sigma Gamma is a National Public Health Honorary that requires members to obtain a 3.0 within their health field. We are an organization dedicated to helping students reach their goals and maintain higher standards than others. Every member represents Health and overall wellbeing and has dedicated their life to a career in prevention and helping those around them. Our community and environment matter.

Exercise & Sport Science Association
ESSA would like for our graduating President and Vice President to wear a stole at graduation in appreciation for the time and work they have put into ESSA over the past two years. Not only will this be an honor for them to wear on graduation day, it will be an honor that will last a life time through pictures and videos!

Kappa Alpha Theta
My members should be allowed to wear their stoles at graduation because they have put in countless hours of volunteer work and raising money to our philanthropy. These members have shown dedication to Kappa Alpha Theta during their time in college, which reflects how much this sisterhood and organization means to them. Being able to wear their letters on one of the most important days of their life will just reassure them one more time that theta is for a life time and has helped them grow so much as a person during their time at EKU.

Minority Collegiate Connections
In 2007, Minority Collegiate Connections created a platform for EKU's minority students to aid them in their development and career preparation, as well as create a support system to showcase their accomplishments that may lack proper exposure and recognition. I have been apart of this organization for three years now, they have given to me, and have contributed to my success at college much more than I could repay. Wearing their fuschia and silver graduation cord, signifies that I have served the organization well and have agreed to uphold their standards beyond graduation.

Older Wiser Learners
We believe OWL students should be recognized for their dedication to obtaining a higher education while juggling many other responsibility. The majority of OWL members are middle aged, parents, caregivers, work full-time, married, widowed and have dependents. Non-traditional students are dedicated and determined to succeed and along their path they lead and support many traditional students with
encouragement and wisdom. OWL member are a very diverse group of adults overcoming many of life's challenges in order to create a positive change for the future.

Order of Omega
It is a great honor to be recognized with to be among the top 3% of the Greek community. We would like to show to the others what we should strive for and the recognition you can receive for staying true to our values and what you can achieve.

Order of the Sword and Shield
The stole shows the university and everybody viewing the graduation who my members are. It shows the university and viewers that the members are exemplary students in the discipline of Homeland Security. Members of Order of the Sword and Shield are the top students in the Homeland Security department here at EKU and should be recognized for that.

Phi Beta Sigma
The stole represents great tradition of success and is symbolic as a rights of passage for all Sigma Men to graduate. This completes a significant milestone within the structure as well. After graduation members can then join graduate chapters, which is a higher ranking chapter.

Phi Mu Alpha Sinfonia
Phi Mu Alpha has been a part of my university experience since the beginning. To me, Phi Mu Alpha is always one of the first pictures that pop into my head when I think of EKU. It has been a priceless experience for me that has helped me grow into the man I am today. I have had the pleasure of representing the fraternity at chapter, state, province, and national levels. I have traveled to meetings at over 8 universities including Kentucky, Indiana, West Virginia, Florida, and will even attend my second national convention with the fraternity this summer in New Orleans, Louisiana. Phi Mu Alpha • Sinfonia is always about "making manly musicians and musicianly men." I feel that any accolade or award that I receive in music is in no small part due to my experiences in Phi Mu Alpha. Wearing my fraternity colors and emblems proudly at my graduation will give me great feelings of honor and pride as I walk across that stage.

Power House Colonels
It is a symbol of what we stand for, it shows the hard work and dedication that we have put in throughout our time as a powerhouse colonel, not only in the weight room but also in the classroom.

Rodney Gross Scholars
Rodney Gross scholars reward participants.

Stevy Jones
Wearing the PsiChi honor stole and cord will help to show all that I have accomplished while attending EKU. I will wear my Honor stole and cord proudly.

Student Computer Association
This stole is for active members of our organization. They have put in hours of volunteer work in volunteering, fundraising, organizing events, and coordinating efforts to further our cause and our department. It would be wonderful if their efforts could be recognized.

Theta Chi
Member of Theta Chi Fraternity.

**Action Items**

**Approved** Repeating Courses and Grade Calculation  
Fall 2015  
The requested change is intended to make the Graduate School policy consistent with the recent change to the undergraduate policy for grade calculations when courses are repeated. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 1.

**Approved** English Proficiency Requirement  
Fall 2015  
The requested change increases the minimum overall score on the IELTS examination from 6.0 to 6.5 to make it consistent with the level of proficiency established by our current standards on the TOEFL and ELS programs. It also clarifies applicants who may be exempted from the requirement, includes completion of EKU’s ELS program in meeting the requirement, and removes outdated language on registering for the TOEFL examination. The Graduate Council approved the proposed policy change on February 27. Revised language is indicated in Attachment 2.

CATALOG DESCRIPTION: Survey of theoretical and research literature dealing with communication in the family context. Emphasis is on the role of communication in creating and maintaining healthy marriages and families. (Prerequisite: CMS 200)

COURSE OBJECTIVES: This purpose of this course is to enhance understanding about communication patterns within families. The course examines theory/research on the role of communication in creating and maintaining healthy families. Areas of examination will include the role of communication in: the family life cycle, different family forms, family race/ethnicity, power, conflict and stress in families, the aging family, health communication in families, and the role of mediated communication in family interaction patterns.

People sometimes think that a course in family communication will teach them how to solve their family problems by “learning to communicate” with their families. However, by focusing on relevant theory and research on family communication, this course will demonstrate that family communication is far more complicated than merely “fixing” communication skills. With this in mind, the primary focus of this course will be on scholarship in the communication discipline on couples and families.

Course Goals:

- To gain an overview of the field of family communication.
- To comprehend a communication perspective to understanding families.
- To understand various definitions of family and family communication.
- To understand theoretical approaches to family communication and the application of these approaches.
- To be aware that a family’s communication changes as the family progresses through its’ family life cycle.
- To comprehend, understand and appreciate diversity in family structure and social interaction patterns.
- To understand and apply the ways in which roles, rules, and rituals in family relate to family communication pattern.
- To understand and appreciate the role of stress on family communication patterns.
- To be able to apply family communication principles to everyday family interaction.
- To understand the complex nature of families in contemporary society.

**STUDENT LEARNING OUTCOMES:**

- Articulate and explain the communication perspective to understanding families.
- Explain, evaluate, and apply the theoretical approaches to family communication.
- Identify and apply how stress, diversity, and family life stage impacts family communication patterns.
- Apply the ways in which roles, rules, and rituals in families relates to family communication patterns.
- To demonstrate an understanding of the complex nature of family communication.

**REQUIRED TEXT:**

Additional Readings to be assigned in Class.

Blackboard and EKU email: The blackboard site includes online syllabus, daily calendar, additional links, class announcements, etc. You are required to check Blackboard and your EKU email frequently for course updates.

**COURSE REQUIREMENTS:**

Ungraded course requirements: professional behavior (see discussion in syllabus), constructive behavior and full participation in group work (ungraded but affects participation grade), and oral presentation on course project.

Professional behavior in the Family Communication course: Any self-disclosure about class members’ own family experience made during class is considered privileged information. While certainly we all will talk about class in general terms outside class meeting, we do not gossip about classmates or reveal any self-disclosure that occurs during any class-related activities, including group work outside of class. If you cannot abide by this standard, this is not a good time for you to take the family communication course.

Student Responsibilities and Course Policies:

1. Attendance is essential to your success in this course. If you miss a class, it is your responsibility to find out from other students what you missed. I will discuss the material with you only after you have the class materials from other students. **After three unexcused absences, your grade will be lowered 1/3 of a letter grade**

2. Come to class prepared, having read the material assigned for that day. Each class will be based on a discussion of the readings. If you are unprepared, you will not be able to participate in the discussions.

3. Ask questions. If you don’t understand something in the readings, the lectures, or the assignments, chances are you’re not the only one. I will always be willing to answer questions; however, it is important that you ask them well in advance of the test or due date.

4. Contribute your ideas to class discussion. Everyone’s experience will be enhanced if multiple perspectives are heard.

5. Be respectful of others’ contributions to the discussion. Harassment will not be tolerated. Practice common courtesy.

6. **Turn off cellular phones and pagers while in class. This includes text messaging and exchanging photos. Cell phone usage during class will not be tolerated. If your cell phone goes off in class or you are seen text messaging in class, you will be marked absent for that day.**
7. **You should bring your computer to class only on assigned days. Checking email, surfing the net, or just playing on your computer during class is unacceptable classroom behavior. Students who participate in this kind of behavior during class will be marked absent for that day. If this is a problem, please come see me after class.**

8. Turn in your assignments in class on the day they are due. For each day the assignment is late, the grade will be lowered **10%**. An assignment is considered received when it is in my hand. *Do not slide it under my office door, email it to me or place it in my mailbox, there is no guarantee that I will get it.*

9. If you wish to discuss your grade on an exam or assignment, please feel free to set up an appointment with me. However, I will only discuss a grade **48 hours** after you have received the grade.

10. Practice ethical work habits. Academic dishonesty will not be tolerated. I expect that all your work will be your own. Plagiarism and/or cheating will not be tolerated. This includes:

   - Presenting the ideas of others without crediting the source.
   - Use a direct quotation without quotation marks and without credit to the original source.
   - Paraphrasing without credit given to the source.
   - Participation in a group project which present plagiarized materials.
   - Failure to provide adequate citations for material obtained through electronic research.
   - Downloading and submitting work from electronic databases without citations.
   - Submitting material created/written by someone else as your own work.
   - Copying someone else’s exam or research paper.
   - Allowing someone to copy your own research paper or exam.
   - Accepting credit for a group project without doing your share of the work.
   - Submitting the same paper in more than one course without the knowledge and approval of the instructors involved.
   - Using notes or other materials during a test or exam without approval of the instructor.
   - Not following the instructions specified on a take home exam.

**Disability Statement**

A student with a "disability" may be an individual with a physical or mental impairment that substantially limits one or more major life activities such as learning, seeing or hearing. Additionally, pregnancy or a related medical condition that causes a similar substantial limitation may also be considered a disability under the ADA.

If you are registered with the Office of Services for Individuals with Disabilities, please obtain your accommodation letters from the OSID and present them to the course instructor to discuss any academic accommodations you need. If you believe you need accommodation and are not registered with the OSID, please contact the office in the Whitlock Building Room 361 by email.
at disserv@eku.edu or by telephone at (859) 622-2933. Upon individual request, this syllabus can be made available in an alternative format.

**Academic Integrity Statement**

Students are advised that EKU’s Academic Integrity policy will strictly be enforced in this course. The Academic Integrity policy is available at the policy website. Questions regarding the policy may be directed to the Office of Academic Integrity.

**Student Progress:**

Students will be provided a mid-term grade per University deadlines. In addition, students can check their grades that will be posted on Blackboard.

Genogram Assignment

Instructions: You will map your family for at least three generations using the procedures discussed in class and the handout. You need to use the appropriate symbols and lines to map the family communication patterns. If you do not have three generations of information on family members, call a family member that can provide the information.

The first step in creating a genogram is mapping the connections (legal and biological) between family members. It is important to include date of birth and death (if necessary), date of divorce or years married. You also need to include age and place living, occupation, educational level and ethnic, class, and religious background. Make this as neat as possible so that someone can look at your genogram and understand the familial connections immediately.

Second, you need to map information on the quality of the relationship. A line through a connecting line indicates a divorce. An X in the circle or square indicates a death. A dotted line indicates a distant relationship, a double line indicates a close relationship, a thick signal line with an arrow indicates a controlling relationship, a broken zigzag line indicates a hostile or cutoff relationship, a continuous zigzag line indicates a conflictual relationship, a small zigzag with an arrow at the end indicates a physically abusive relationship, a large zigzag line with an arrow indicates a sexually abusive relationship, a solid line with no arrow indicates a friendly but not close relationship. Addictions are shown by filling in the bottom half of the circle or square. Serious mental or physical illness can be indicated by filling in the left half of the symbol and the nature of the illness should be indicated near the symbol. A triangle in the middle of the symbol indicates that the person is lesbian or gay.

Once you have completed the genogram, you need to write a 2-4 page paper (double spaced) analyzing the genogram. Discuss what you learned about your family completing this genogram. What does it tell you about your family dynamics? Identify patterns that have emerged over the three generations and how those patterns play themselves out in your family-of-origin. Discuss how culture may have impacted the family patterns and dynamics identified in the genogram. Discuss patterns of interaction that have been broken, include how and by whom. What does this genogram tell you about your definition of family? Finally, what does this genogram tell you about how your relationships and communication with family members.
Family Stories Assignment

Instructions: Family stories have the power to go beyond entertaining and reminiscing to serving as a key ongoing function in the family’s development. In some families, stories serve to teach about values, reinforce identity, discipline or inspire, or create new levels of relationships among members. These stories do not just reflect the past but also serve to shape the present and form the future. Stories are constructed by the teller and listeners, each rendition carrying new meaning.

This assignment asks you to identify a particular family story that has been repeated with regularity and to create your interpretation of the meaning of that story and its place in the family. In order to do this, the assignment should include:

- A written version of the story, or section of the story if it is very long.
- An oral rendition of the story as told. Do not talk about the story; tell the story as the person who usually tells it. You do not have to act – just indicate who you are. This will be told in class, either to the full group or a small group.
- Description of predictable parts of the telling of this story.

This will include, but is not limited to:
1. Who tells, or is allowed to tell the story.
2. The context for telling the story, e.g. time, or place.
3. The reason for telling the story, e.g. to teach discipline, inspire, embarrass, remember.
4. The way the story links to family meaning, e.g., themes, images, values...
5. Your interpretation of this storytelling moment.

In your analysis, link your narrative event to assigned readings on narrative and meaning. Approximately 2-3 pages should be devoted to analysis.

(*Use strikeout for deletions and underlines for additions.)

ADMISSION POLICIES

1. Students must meet requirements and be admitted by the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.

2. Transfer work must be from an accredited institution and with a minimum grade of "C" in major and supporting courses. The applicant must be eligible to return to the last institution attended.

3. Work taken more than eight years previously must be approved by the Dean of the College.

4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional
programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to include the disciplines and subject areas described in consistent with the individual program’s curriculum progression plan of study, and the college advisor. Students who plan to complete coursework before declaring a major in a College of Health Sciences program should consult with the individual program directors or with the College of Health Sciences Advisors.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences or from College of Health Sciences Advisors.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

**CLINICAL AGENCY PLACEMENT REQUIREMENTS**

Placement in clinical sites for certain programs in the College of Health Sciences requires students to meet specific clinical agency placement requirements. Clinical agency placement requirements for certain programs (particularly those involving direct patient contact and/or practice with children) require a criminal background check and/or a urine drug screen. Students whose results from these screenings do not meet clinical agency placement requirements will be unable to participate in clinical experiences which are required for satisfactory progression and completion of the program. Other requirements may include documentation of tuberculosis screenings indicating student is free of disease, specific immunizations, certifications, student professional liability insurance purchased through the University [see Student Liability (Malpractice) Insurance], and individual health insurance. Specific requirements for individual programs may be obtained by contacting the departmental office.

Placement in certain clinical sites, particularly those that involve practice with children, requires a background check by the Kentucky State Police to determine whether the student has a criminal history that would prevent their participation in that clinical experience.

**READMISSION POLICIES**

After being admitted to one of the programs in the College, students who withdraw or who are dismissed due to failure unable to progress due to being unsuccessful of in one or more courses must submit application for readmission according to the guidelines for the specific program. Readmission to the program is not guaranteed to any student.

**READMISSION APPEAL PROCESS**

The student who has been denied readmission may appeal the decision following these guidelines:

1.) Notify the chair of the program's readmission committee of the desire to appeal the decision and to
provide additional pertinent information to support the appeal. The committee chair will schedule a time for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the departmental readmission committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

2) The student will be notified within five working days of the committee's decision.

3) If the student is not satisfied with the decision, the student shall schedule an appointment to present the appeal to the Department Chair. The student will be notified within five working days of the Department Chair's decision.

4) If the student is not satisfied with the decision of the Department Chair, the student shall submit a written appeal to the Dean of the College of Health Sciences. If the Dean determines there are extenuating circumstances surrounding the student's request for readmission and/or if the procedure for readmission has not been followed, a meeting of the College's Readmission Committee will be scheduled. A time will be appointed for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the College Readmission Committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

5) Decisions of the College Readmission Committee are binding. The student will be notified of the decision within five working days.

STUDENT AGREEMENT STATEMENT
Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

STUDENT LIABILITY (MALPRACTICE) INSURANCE
All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student's major departmental office.

CLINICAL FACILITIES
The University maintains formal contracts with many health care Human Services and Educational agencies located throughout Kentucky and the southeastern United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the Office of the Dean.

The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur expenses based upon canceled classes, assignments, or clinical placements, etc.
BLOODBORNE PATHOGENS AND HEPATITIS B STATEMENT

The College of Health Sciences attempts to impart the principles and practice of infection control to its students who may have future occupational exposure to bloodborne pathogens. To this end, students majoring in athletic training, medical laboratory science and technology, nursing, and occupational therapy are required to receive education in universal precautions and the Occupational Safety and Health Administration's (OSHA) Bloodborne Pathogens Standard Regulations. Students will be responsible for obtaining the Hepatitis B vaccination before participation in the clinical training phase of their respective programs when indicated. Students who may potentially be exposed to blood and body fluids are required by most of our clinical agencies to have obtained the Hepatitis B vaccine. If this requirement is placed upon the student, it will be strictly enforced. Please see the departmental student handbook for further clarification.

DEGREE REQUIREMENTS

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General University requirements Academic Information described in Section Four Five of this Catalog, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Student Success Seminar (HSO 100).

Besides the general University requirements, specific degree requirements for the College of Health Sciences are as follows.

Baccalaureate Degree
1. A minimum grade of "C" in each ATR, CDF, EHS, FCS, FRM, MLS, NFA, OTS, PHE, REC course and selected CHS courses is required. NOTE: Others? NSC?
2. Students pursuing a baccalaureate degree in any health sciences major shall be allowed to declare a minor or a second major outside the College of Health Sciences. Any student who chooses to pursue a minor or second major must have as their primary advisor a faculty member from the College of Health Sciences.

Associate Degree
1. A minimum grade of "C" in each CDF, MLT course and selected CHS courses is required.
2. A minimum of 15 hours in courses approved for general education is required for all associate degree programs. These hours include ENG 101 and 102, or their equivalent. The nine additional hours must include approved one course in each of the following categories: Element 3A, 3B, 3A/B (Arts and Humanities); 4 (Natural Sciences); and 2, SA, SB
   (Mathematics and/or Social/Behavioral Sciences). For certain curricula, individual requirements are waived if they are satisfied in the major program.
3. In addition, a student success seminar (HSO 100) is required for all associate degree programs. (Waived for transfers with 30+ hours)

Appeals

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

**Bachelor of Science (B.S.)**  
**CHILD AND FAMILY STUDIES**  
CIP Code: 19.0701

The Family Studies option prepares graduates to work with individuals and families in a variety of social service settings. Positions are available in family resource centers, community agencies, profit and non-profit organizations that provide services for children, youth, adults and families. The Interdisciplinary Early Childhood Education concentration leads graduates to Kentucky public school certification for teaching children birth through age five. Graduates learn to prepare individual education plans for children who experience developmental delays and support plans to assist families of those children. IECE majors will teach in private agencies serving infants to two years and public school settings (Pre-K, three and four year olds, and kindergarten not connected with primary programs for first through third grade). To be granted a degree in Child and Family Studies students must have a “C” or better in all CDF and supporting courses.

Admission and Progression Requirements for Child and
Family Studies Concentrations Child Development and IECE

All students who are accepted by EKU’s Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met: 1) Minimum of 45 hours with a 2.75 overall GPA, 2) GPA of 3.0 in the following courses CDF 147, 203, 235, 236, 246, 310, 327S with a grade of “C” or better in each course. Once these requirements have been met, the student must apply to the Child and Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

MAJOR REQUIREMENTS

Program Objectives
Upon completion of a degree in Child and Family Studies graduates will be able to: 1) assess developmental, political, social, cultural, economic and technological influences on the well-being and diversity of individuals, families and communities; 2) design and implement a range of services for individuals, children and families; 3) utilize and interpret appropriate individual, family and program evaluation measures; 4) access community resources and collaborate with community agencies/services; and 5) evaluate and monitor their professional development. The Child Development concentration prepares graduates to teach or administer in any private early childhood program. Graduates may also be employed as a trainer for resource and referral agencies or serve as Education Coordinator in early childhood facilities.

***To be added by the Registrar's Office after all approval is received.

### Completion of A, B, and C is required: (Please be specific, but concise.)

**A. 1. Specific action requested:** (Example: Increase the number of credit hours for ABC 100 from 1 to 2.)

- Approve a new course EES 330 Applied Critical and Creative Thinking

**A. 2. Proposed Effective Academic Term:** (Example: Fall 2012)

- Fall 2015

**A. 3. Effective date of suspended programs for currently enrolled students:** (if applicable)

**B. The justification for this action:**

This course integrates both critical and creative thinking. This differs from EES 310 Applied Critical Thinking which focuses mainly on critical thinking and CRE 101W Introduction to Applied Creativity which centers on the topic of creative thinking and its application in writing.

**C. The projected cost (or savings) of this proposal is as follows:**

**Personnel Impact:** The class will be taught by Wanju Huang, Ph.D. As the program grows, instructors will be drawn from individuals across the University, who are qualified to teach under EKU Policy 4.61P.

**Operating Expenses Impact:** Initial funding is provided by the College of Justice & Safety.

**Equipment/Physical Facility Needs:** The College of Justice & Safety is providing 3 fully equipped offices, 3 social labs, classroom space, instructional design and technical support to offer the program online.

**Library Resources:** In cooperation with the library staff, current resources have been assessed and are deemed adequate to meet the needs of the students and faculty. Additional materials have been identified and will be added incrementally.
Part II. Recording Data for New, Revised, or Dropped Course
(For a new required course, complete a separate request for the appropriate program revisions.)

1. For a new course, provide the catalog text.
2. For a revised course, provide the current catalog text with the proposed text using strikethrough for deletions and underlines for additions.
3. For a dropped course, provide the current catalog text.

- EES 330: Applied Critical and Creative Thinking (3) I. II. Prerequisite: junior or senior standing. This course addresses the application of critical thinking and creative thinking skills within multiple fields of study. Students will learn critical thinking and creative thinking skills and how to integrate those skills into a successful career.

Part III. Recording Data for Revised or Suspended Program

1. For a revised program, provide the current program requirements using strikethrough for deletions and underlines for additions.
2. For a suspended program, provide the current program requirements as shown in catalog. List any concentrations and/or minors affected by the program's suspension.

II. Catalog Course Description
EES 330: Applied Critical and Creative Thinking (3) I. II.  This course addresses the application of critical thinking and creative thinking skills within multiple fields of study. Students will learn critical thinking and creative thinking skills and how to integrate those skills into a successful career.

III. Text
Introduction to applied creative thinking: Taking control of your future
Authors: Carpenter, R., Sweet, C., & Blythe, H.
ISBN: 978-1581072259
Stillwater, OK: New Forums Press

Other readings will be listed and provided in the weekly lessons.

IV. Teaching Method
This course is designed using active learning pedagogy that maximizes the interaction of the student with the course content and materials. The course's teaching-learning methods (e.g., readings, online/written discussions, application exercises, paper, audiovisual, course evaluations, etc.) are designed to improve student skills in areas such as in-depth reading, critical thinking, synthesis, and written and oral communication.

V. Student Learning Outcomes
Upon successful completion of this course the student by critical and creative thought should be able to:

a) Relate their own descriptions of critical thinking and creative thinking
b) Incorporate active observation techniques into their critical thinking processes
c) Incorporate intellectual questioning techniques into their critical thinking processes
d) Apply intellectual standards and elements of thoughts to evaluate statements, claims, arguments, etc. (e.g., recognize ambiguity and lack of clarity in claims)
e) Incorporate critical thinking into their decision making processes
f) Identify creative and innovative elements and discuss how those elements can be incorporated or expanded into the ideas in related fields
g) Discuss how they can incorporate basic creative thinking strategies in their decision making processes, their expressions of thoughts, etc.
h) Discuss how basic creative thinking strategies can improve their creative thinking processes
i) Incorporate basic creative thinking strategies into their course papers and presentations
j) Adopt appropriate computer technologies and/or mediums to create dynamic documents and presentations

VI. Attendance and Participation in Instruction Periods
This is an experiential course. Attendance and participation for the full duration of each class is important to the student’s learning experience and performance evaluation. By attending and participating in all classes each student will gain the benefit of sequentially observing and participating in several demonstrations and activities.
designed to build upon and advance student understanding and competency.

A student must successfully attend and participate in 90% of all classes. A student who misses in whole or part of a class without good cause as determined by the instructor, will receive a zero grade for group discussion for that session. The course instructor may, for documented good cause in unusual circumstances beyond the control of the student, waive this requirement and assign the student makeup exercises, readings, annotated bibliographies, papers, and other relevant work.

VII. Evaluation Procedures
The following graded activities form the basis for evaluation of student performance. See Appendix A for detailed description.

1) Group Discussion (7*20pts) 140 points
2) Article Analysis 25 points
3) Textbook Exercises (2*30pts) 60 points
4) Self-Check Exercises (5*5pts) 25 points
5) Final Course Paper 100 points
6) Final Course Paper Presentation 50 points

Note: the student must complete all graded requirements and attend a minimum of 90% of all class periods.

VIII. Grading
A student’s final grade is determined based upon student performance as measured by the percentage of total points earned.

90.0 % or higher A
80.0 % - 89.9% B
70.0 % - 79.9% C
60.0% - 69.9 % D
Below 60% F

IX. Disability Statement: A student with a "disability" may be an individual with a physical or mental impairment that substantially limits one or more major life activities such as learning, seeing or hearing. Additionally, pregnancy or a related medical condition that causes a similar substantial limitation may also be considered a disability under the ADA.

If you are registered with the Office of Services for Individuals with Disabilities, please obtain your accommodation letters from the OSID and present them to the course instructor to discuss any academic accommodations you need. If you believe you need accommodation and are not registered with the OSID, please contact the office in the Whitlock Building Room 361 by email at disserv@eku.edu or by telephone at (859) 622 - 2933. Upon individual request, this syllabus can be made available in an alternative format.

X. Academic Integrity Statement: Students are advised that EKU's Academic Integrity policy will strictly be enforced in this course. The Academic Integrity policy is available at http://studentrights.eku.edu/academic-integrity. Questions regarding the policy may be directed to the Office of Academic Integrity.

XI. Official E-mail: An official EKU e-mail is established for each registered student, each faculty member, and each staff member. All email in this course must be through your EKU e-mail address. It will be your responsibility to check your EKU e-mail on an ongoing (suggested “daily”) basis for updates regarding your assignments and other vital course information.
APPENDIX A
Student Examination and Assignment Overview

1. Group Discussion Assignments (Graded)
   Students will participate in group discussion exercises either in class or on the Blackboard course management system. Group discussion exercises are experiences in which we promote a culture of engagement to enhance student-student interaction and student-instructor interaction and to create a learning community in this course. Students are expected to offer their thoughts related to the discussion topics, by using the learning materials or outside sources; and are also required to respond to their peers’ thoughts by asking questions, making comments, providing suggestions, etc. to move the communication forward and enhance the interactivity within the group.

2. Self-Check Exercises (Graded)
   Students will complete five self-check exercises that are designed to provide self-evaluation opportunities to assess their progresses in the class.

3. Article Analysis (Graded)
   Students will use the critical thinking intellectual standards covered in the course to analyze some of the elements of thought embedded in an article. A worksheet and detailed instructions for this assignment will be provided to students.

4. Textbook Exercises (Graded)
   Students will complete two textbook exercises individually. These exercises are to evaluate students’ understandings of the course content and evaluate how well they are able to relate to the content.

5. Final Course Paper (Graded)
   Each student will submit a final course paper that is his or her reflection on the course content and a discussion of how this course affects his or her understanding or perception of critical and creative thinking. The student can also talk about how he or she has identified a strategy or strategies to utilize critical and creative thinking in his or her personal life, professional life, and/or study life.

6. Final Course Paper Presentation (Graded)
   Each student will present his or her course paper to the class by using computer technologies and mediums that he or she chooses.

**Approval needed for program revisions or suspensions.  
***To be added by the Registrar’s Office after all approval is received.

Completion of A, B, and C is required: (Please be specific, but concise.)

A. 1. Specific action requested: (Example: Increase the number of credit hours for ABC 100 from 1 to 2.)  
Add EMC 200, 205, 215 as Pre-Requisite courses  

A. 2. Proposed Effective Academic Term: (Example: Fall 2012)  
Spring 2016  

A. 3. Effective date of suspended programs for currently enrolled students: (if applicable)  

B. The justification for this action:  
The EMC program is accredited through CAAHEP and has specific program objectives that students must meet prior to the completion of the program. EMC 362, Advanced Field Internship II, is the capstone course for the paramedic courses and program. By adding EMC 200, 205, 215 as pre-requisite courses, this will assist students in successful completion and the ability to take the national licensing examinations.

**Approval needed for program revisions or suspensions.

***To be added by the Registrar's Office after all approval is received.

Completion of A, B, and C is required: (Please be specific, but concise.)

A. 1. Specific action requested:
   1) Strike the Teaching from the Degree name for the B.S. in Special Education Teaching
   2) Put in teaching options under the Degree
   3) Add single certification option in Learning and Behavior Disorders
   4) Add dual certification option in Learning and Behavior Disorders and Education of the Deaf and Hard of Hearing.
   5) Add Non teaching options

A. 2. Proposed Effective Academic Term: Fall 2016

A. 3. Effective date of suspended programs for currently enrolled students: (if applicable)

B. The justification for this action: This action is needed to increase options for students interested in teaching students with learning and behavior disabilities. Adding the following two options allows students to choose a single certification program that will offer more specialized focus on the skills needed for teaching students with learning and behavior disorders or a dual certification track that would allow students to specialize in two exceptional child areas: learning and behavior disorders and deaf and hard of hearing.

C. The projected cost (or savings) of this proposal is as follows:

Personnel Impact: No impact.

Operating Expenses Impact: No impact.

Equipment/Physical Facility Needs: No impact.
Library Resources: Additional resources will be requested from the LRC (e.g., assessments, instructional materials).

Part II. Recording Data for New, Revised, or Dropped Course

     - (Minor in Child Development and Family Studies) CDF 132, 236, six hours selected from CDF 235, 327, 342, 441, or 501; and six hours CDF electives.
   - **ECSC Options**: 12 hours
     - ELE 519, NSC 500, OTS 515, SWK 456.
   - **Free Electives**: 14 hours
     - *(G = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.)*

---

**TOTAL HOURS TO COMPLETE SPECIAL EDUCATION DEGREE WITH TEACHING CONCENTRATIONS**: 125-137 hours

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams to be recommended for licensure in Kentucky. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (www.kyepsb.net/ AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams. For additional information, candidates may also contact the EPSB Division of Professional Learning and Assessment at (859) 564-5778 or (888) 598-7667 (toll free).

**TOTAL HOURS TO COMPLETE SPECIAL EDUCATION DEGREE WITH NON TEACHING CONCENTRATIONS**: 120 hours

Completion of A, B, and C is required: (Please be specific, but concise.)

A. Specific action requested:  
(Example: Increase the number of credit hours for ABC 100 from 1 to 2.)

To create a new course to cross-list with ENG 366.

A. Proposed Effective Academic Term: (Example: Fall 2012)

Spring 2016

A. Effective date of suspended programs for currently enrolled students: (if applicable)

B. The justification for this action:

Queer Theory and Literatures has been successfully taught twice, and the course content closely matches the sexuality-related curriculum of Women & Gender Studies. The course would greatly benefit our minors and certificate-seeking students.

C. The projected cost (or savings) of this proposal is as follows:

Personnel Impact: None.

Operating Expenses Impact: None.

Equipment/Physical Facility Needs: None.

Library Resources: Needed.

Catalog Course Description:
Prerequisite: ENG 102 or 105 (B) or HON102. Examination of trends in Queer Theory; study of major contributors to the field such as Foucault, Butler, and Sedgwick; application of theoretical models to literary and cinematic texts. Gen. Ed. E-6. Credit will not be awarded for both ENG 366 and WGS 366.

General Education Goals for Element 6
Students will be able to:
1. Communicate effectively by applying skills in reading, writing, speaking, and listening. (GE Goal 1)
2. Use appropriate methods of critical thinking and quantitative reasoning to examine issues and to identify solutions. (GE Goal 2)
3. Distinguish the methods that underlie the search for knowledge in the arts, humanities, natural sciences, history, and social and behavioral sciences. (GE Goal 7)
4. Integrate knowledge that will deepen their understanding of, and will inform their own choices about, issues of personal and public importance. (GE Goal 8)
5. Recognize perspectives from others cultures and/or historically marginalized groups. (GE Goal 9)

Student Learning Outcomes
At the end of the course, students will:
1. Use critical thinking to expand, express, explore, and evaluate course content through written communication. (GE Goal 1)
2. Demonstrate knowledge of specific genres of LGBT literature and analyze their importance to LGBT culture and worldview. (GE Goal 9)

3. Identify important concepts in LGBT culture and thought and examine ways in which these values and traditions are critiqued and reinforced by their literatures. (GE Goals 7, 9)

4. Use primary and secondary sources to examine the social and historical issues that have helped shape the LGBT communities and culture; explore ways in which concepts explored in LGBT literature also transcend cultural boundaries. (GE Goals 2, 9)

5. Be able to reflect upon and critique some of the stereotypes that misrepresent the LGBT people and communities, and move towards constructing a healthy and accurate view of the LGBT culture. (GE Goal 9)

6. Be able to appreciate the language, imagery, structure, characterization, and thematics of LGBT literature. (GE Goal 7)

**WGS Program and Course Expectations:**

This course is designed to reflect EKU’s Comprehensive Diversity Plan that “respects and celebrates diversity, which includes, but is not limited to race, ethnicity, religion, socio-economic status, gender, sexual orientation, disabilities, and cultural or national backgrounds, in pursuit of common unity.” Our University community respects and celebrates the diversity of peoples, seeks to embrace all individuals, and prohibits discrimination.

Women and Gender Studies courses seek to deconstruct systems of oppression and power; thus, topics will help students develop a greater capacity for intellectual open-mindedness. Courses will immerse the students in the complexity of human differences and commonalities. Exploration, analysis, and application of complex identity issues characterize these courses. WGS courses emphasize the challenges that must be addressed to achieve just, equitable, and productive societies, and promote the development of skills necessary to work effectively with others from diverse identities and perspectives.

Academic study of gender involves potentially controversial topics that might challenge your ideas, values, and beliefs. These moments should be viewed as learning experiences, and WGS courses encourage students to be open to these challenges with the intention of facilitating their own intellectual and social growth.

Diversity of opinions in the classroom will create a more dynamic learning environment, and course grades will be based on your critical thinking, not on your personal viewpoints.

Please note: Films and other media used in the course may contain thought-provoking and potentially controversial material. The instructor and the class will discuss how the material is germane to overall course goals and topics.

To ensure an optimal learning environment, the following behaviors are expected from all members of the class:

1. Think through your comments before you make them.
2. Make comments to the entire group and not to the person(s) near you.
3. Never make derogatory comments toward another person in the class.
4. Disagree with ideas, but do not make personal attacks.
5. Be open to be challenged or confronted on your ideas or prejudices.
6. Challenge and confront others with the intent of facilitating growth, not to demean others.
7. Encourage others to speak up. Be especially encouraging of people who are working
through their prejudices and attempting to grow as critical thinkers.

8. Be open to change.
9. See also Part 4 of the EKU Student Handbook: http://studentaffairs.eku.edu/studenthandbook

### WGS Minor or Certificate

If you are registered for this class or have previously taken a WGS class, you should consider getting a minor or certificate in Women & Gender Studies. Students often take WGS classes out of interest or to fulfill a General Education requirement and may not realize how close they are to a minor (18 hours) or certificate (12 hours). WGS 201 and 400 are required courses. Visit wgs.eku.edu for more details.

### Course Objective

Queer Studies includes many subject areas. This course will concentrate on literature and gender/cultural theory. We will examine the ideas of theorists such as Michel Foucault, Eve Sedgwick, and Judith Butler and will briefly survey the evolution of modern concepts of homosexuality over the past one hundred and fifty years with occasional discussions of homoerotic behavior of earlier periods. We will review and interrogate the discussions which have in recent years occupied the discipline such as essentialism v. social construction and the gay v. queer debates. We will also devote time to discussions of contemporary social issues as they relate to the struggle of lesbian, gays, bisexual, and transgendered persons for social acceptance and legal protection. We will read selections from novels, plays, and poems. Finally, in this course, I hope to examine the way in which potentially subversive queer cultural productions negotiate a space within the dominant culture in order to reach an audience that extends beyond the converted and to open up a space for greater tolerance and social change.

### Exams

Midterm and final exams will be administered on the following days—March 10 (9:30-10:45) and May 14 (10:30-12:30). The midterm and final exams may be either short answer or essay questions. (Each short answer question will require about a paragraph in response. Make up exams will be given only if the student has a compelling and documented excuse for missing the regularly scheduled test.

### Quizzes/Class Participation

Students will be expected to participate in class discussions. In order to do this, the student must read the assigned material. To ensure participation, I have planned four reading check quizzes. These will be given at the beginning of the class on the first day that we discuss the particular work. I will not indicate which works will be included so that I can ensure that students read everything. I will only implement these quizzes if students are clearly not keeping up with the reading and the participation. There is a possibility that no quizzes will be given if students are prepared for class, in which case, credit originally assigned to quizzes will be awarded for contributions to class discussion at the end of the term. There will be no opportunity to make up a pop quiz; students must be present when it is administered.

### Essay

Students will be expected to write a six to eight page critical analysis of a primary work from the reading list, the goal of which is to create a thoughtful and unified discussion of a single or several related features of a text while integrating no fewer than five secondary sources, either critical or theoretical. The essays will examine the ways in which the related literature reflects,
comments on, or attempts to intervene in contemporary LGBT social debates. All essays must be typed and turned in at the beginning of class on April 16. Each day that an essay is late, it will fall a letter grade.

**Attendance:** Students are expected to attend class and actively participate in all aspects of the learning process. This includes class discussions, written work, and in-class activities. National and local studies have shown a direct correlation between attendance and grade performance. Therefore, attendance is considered mandatory. **Students who miss more than 10% of the regularly scheduled class meetings due to unexcused absences are subject to failing the course.** Students enrolled in TR sections may not exceed 3 unexcused absences for the semester. Students enrolled in a MWF section may not exceed 5 unexcused absences for the semester. For the purposes of this course, "excused absences" include verifiable medical or family emergencies, university approved activities (accompanied by a university excuse), illness (yours or a family member’s), and other absences as outlined in the University’s “Student Absence from Class” policy ([http://policies.eku.edu/sites/policies.eku.edu/files/policies/4.1.6_student_absence_adopted_12.1.14.pdf](http://policies.eku.edu/sites/policies.eku.edu/files/policies/4.1.6_student_absence_adopted_12.1.14.pdf)). Students should be prepared to document the reasons for the absence. Students whose absences are not excused will not normally be allowed to make up tests, quizzes, and/or assignments. Students who anticipate having a high number of excused absences should contact their instructor as soon as the situation arises so that they can make arrangements for how to handle missed class time. Late arrival or early departures from class that are unexcused will be considered in the tabulation of absences as well.

**Student Progress:** If you think you need to drop the course, no withdraw fee is charged until after January 25. A withdraw fee applies and a “W” will appear on the transcript after January 25. **The last day to drop the course with a fee and a “W” is April 12.** For additional information, consult the Colonel's Compass: [http://colonelscompass.eku.edu/spring-2015-deadlines-adddrop-refunds](http://colonelscompass.eku.edu/spring-2015-deadlines-adddrop-refunds)

**Academic Integrity:** Academic Dishonesty will not be tolerated in this course. This includes but is not limited to cheating on exams and plagiarizing or fabricating source materials for essay assignments. If a student violates the academic integrity policy s/he will receive an “F” for the assignment and/or the course. The student will also be reported to the Academic Integrity Coordinator and may be subject to still more sanctions which could even include suspension or expulsion from the University. When a student turns in a paper to me, s/he is affirming that s/he understands the rules prohibiting plagiarism, and any evidence of dishonesty will be construed as willful. In other words, once the student turns in a paper to me, it is too late to claim that s/he did not know what plagiarism is. The student has the responsibility to determine in advance that h/her research and composition methods are appropriate. **Students are advised that EKU’s Academic Integrity policy will be strictly enforced in this course.** The Academic Integrity policy is available at [www.academicintegrity.eku.edu](http://www.academicintegrity.eku.edu). Questions regarding this policy may be directed to the Office of Academic Integrity.

Disability Statement: A student with a "disability" may be an individual with a physical or mental impairment that substantially limits one or more major life activities such as learning, seeing or hearing. Additionally, pregnancy or a related medical condition that causes a similar substantial limitation may also be considered a disability under the ADA. If you are registered with the Office of Services for Individuals with Disabilities, please obtain your accommodation letters from the OSID and present them to the course instructor to discuss any academic accommodations you need. If you believe you need accommodation and are not registered with the OSID, please contact the office in the Whitlock Building Room 361 by email at disserv@eku.edu or by telephone at (859) 622-2933. Women and Gender Studies (WGS) is a multidisciplinary program offering both a minor and a certificate. WGS acquaints students with the growing research on women and gender studies by addressing the intersections of gender, race, class, sexualities, and abilities and by promoting active learning and social engagement. By analyzing competing perspectives and integrating knowledge across traditional academic boundaries, students learn to identify and examine gender-based assumptions and biases and to recognize their consequences on individual, social, and cultural levels.

**Minor in Women and Gender Studies**

A student may complete an interdisciplinary Women and Gender Studies minor by taking 18 hours as indicated below.

- **Core Requirements** ................................................. 6 hours
  - WGS 201 and 400.

- **Electives** .......................................................... 12 hours
  - Twelve hours from the following courses: WGS 132, 232, 300, 302, 303, 304, 305, 306, 308, 309, 310, 331, 345, 349, 364, 366, 378, 420, 445, 446, 451, 495, 591, 592, 593, SOC 399, or gender-specific courses from other programs (upon WGS approval).

- **Total Curriculum Requirements** .............................. 18 hours

**NOTE:** Average GPA of courses applied to the minor must be 2.25 or better.
